

# M2 DYNAMICS

## A MODERN APPROACH TO INFORMATION

### SECURITY SERVICES

M2 Dynamics and its partners provide professional Security Services that include consulting and service delivery with an operational focus on Fixed Site (Physical) and Cyber Security Services. Our Security Services include Consulting, Assessments (Physical, Network, and Application), Independent Verification & Validation (IV&V), Remediation, and Penetration Testing.

### EDUCATION & TRAINING SERVICES

M2D provides Education & Training (E&T) services to help maximize organizational operational knowledge, compliance with regulation, and the latest conventions. We provide customized E&T packages, managed services, and third-party instruction verification to support follow-on training programs. Our E&T packages feature classroom training, written exams, and practical application.

### DEVELOPMENT SERVICES

M2D's Development Services center on Business Processes, Applications, and Communications Architecture. M2D follows Agile SDLC and NIST Security Standards to support all development projects. We work with our customers to develop custom solutions of virtually any scope.

### CONSULTING SERVICES

M2D's Consulting Services focus on our clients' most critical issues and opportunities by providing assessments, managed services, and support with Strategy, Organizational Change, Operations, Technology, Security, and Data Science. We bring deep, functional experience to provide maximum value.

### ABOUT US

M2 Dynamics, LLC was formed in 2017 and is a Texas-based Service-Disabled Veteran-Owned Small Business (SDVOSB) providing Security, Information Technology, and Business Consulting Services to both public and private sectors.

Our goal is to always provide collaborative and consultative services based on your organization's needs. We work with what you currently have to succeed in today's competitive business environment.
